The Community
Music Program
of
St. Paul
L'Amoreaux

SPMP

-
- *The St. Paul's Youth Music Program offers a wonderful opportunity in a safe environment and in a well established program.
 - *It is meant for young people - and their families who will support them - who love music and wish to develop their musical, social and leadership skills.
 - *Ordinarily, this program would command significant registration fees. The parish offers this gift of music to the community free of charge, often in support of families getting their start.
 - *The instructors are professionals, each one experienced and excellent in their field - choir, strings and steel pans - and a varied repertoire of sacred and secular music is performed. There are choirs for both children (ages 4-7) and youth (ages 8-18).
 - *The program coordinator and supporting team of volunteers have 14 years experience and an outstanding reputation with the young people of encouraging both their personal development and their enjoyment of the program.
 - *The environment is safe and friendly. All instructors and volunteers must meet the screening requirements of the Diocese of Toronto.
 - *ESL classes and study programs are offered to parents and guardians during practices.
 - *We are partners with
The **Scarborough Philharmonic Orchestra** (www.spo.ca),
with generous support provided by the **Agincourt Rotary Club**.
 - *The season begins Saturday, September 7, 4.30 pm.
Registration at the Saturday practices.
